

VoiceConnect System

Description:

Consisting of 2 microphone units, TBK-30 VoiceConnect system is a new, hygienic, safe and flexible solution especially for acrylic glass walls and cabins in pharmacies, medical practices, stores and supermarkets as well as for visitor booths in nursing homes.

Features:

- ▶ Easy for installation. Attach, plug in and speak
- ▶ Enables consultation and communication under protective measures.
- ▶ Reduced risk of infection through droplet infection. Neither physical approach nor louder speaking is necessary.
- ▶ Employees and customers communicate effortlessly, clearly and securely – even with mouth protection and in the case of strong background noise thanks to integrated AEC and NR technology.
