

10-Inch Bluetooth Wall Amplifier

Description

The LUCKY TONE 10-Inch Bluetooth Wall Amplifier 8*25W is a premium control hub designed for professional home and business audio systems. Featuring a sleek 10-inch multi-touch display and powerful audio output, it allows seamless music playback, Bluetooth connectivity, and smart device integration, making it ideal for multi-room setups.

Applications

- Home audio systems
- Commercial buildings
- Multi-room audio setups
- Smart home integration

Features:

- ▶ 10-inch high-definition multi-touch screen (1280x800)
- ▶ Quad-core 1.5GHz processor for smooth performance
- ▶ Bluetooth, Wi-Fi, and HDMI connectivity for flexible setups
- ▶ Supports dual-zone audio control with adjustable volume
- ▶ Music playback from Bluetooth, TF card, USB, and AUX
- ▶ External RS485 control interface for home automation
- ▶ Compact design for easy in-wall installation
- ▶ 2-Zone control of music

SPECIFICATIONS

B10-825AD2/B10-825ADT2

CPU	Quad-core Cortex 1.5GHz
RAM	2GB
ROM	8GB
Power Input	AC100~240V 50/60Hz
Speaker Output	8X25W
Amplifier Frequency Response	20Hz-20kHz
Signal-to-Noise Ratio	≥ 98dB
Operating Temperature	0°C~40°C
Humidity	5%~90% RH non-condensing
Product Dimensions	178x105x70mm
Net Weight	0.94kg
